The **Open Doors Foundation...**committed to opening minds, unlocking hearts, and changing lives. Values deemed critical in today's world where young America is faced with constant change. On the one hand, with the emergence of information, technology and innovations, young America is positioned to empower change to open doors. However, on the other hand, institutional and cultural barriers, whether they are human, economic, racial or otherwise, maintain a tight grip against change. So instead of opening doors, the doors are closed.

A non profit supporting organization, Open Doors Foundation strives to develop a driving influence that creates a positive motivation towards every day living. It provides a platform to foster greater motivational, educational, and charitable giving. Programs such as Holiday Food Distributions, Kid Konfer-encesSM, Family Forum'sSM, Senior SummitsSM and The Walk N'Talk...Fun RunSM are just a few of the events sponsored by the foundation.

The Open Doors Foundation is a supporting organization for Academies of ExcellenceSM, a public charity which empowers young America through the development of programming that fosters leadership and excellence.
